Strategic Canvas for Rebooting an Agile Team				
Leadership <i>Are your leaders focused on Command and Control? Describe how teams are currently organizing themselves today.</i>	Vision <i>What kind of value do you want the teams to deliver in the short-term?</i>	Management Style <i>Describe the management style of the current leaders in the organization.</i>	Quality <i>What is the quality strategy of the team?</i>	Engagement <i>Who will support change and promote it in the organization?</i>

What is the current emotional state of the team on the essential ingredients?

The more positive the emotions are the beginning of the reboot, the more painful the intervention will be...

Reboot Dimensions			
Product Definition <i>Vision? In what state is the backlog?</i>	Team and Roles <i>Do you have the right roles defined for an Agile team and do you have the right skilled people to fill the roles?</i>	Processes <i>Does your current process look like a waterfall process masquerading as Scrum?</i>	Deliverable <i>Is the delivery cycle fostering Business Value?</i>
